

Sandy Johnson
Vice President

A native of Shreveport, Louisiana and Vice President of the TEG Shreveport office, Sandy possesses 16 years of experience in leadership, management and business development roles with the firm. She has been the primary liaison for Willis-Knighton Health System, one of the firm's first and most loyal clients. Her focus has been and remains within the healthcare sector, promoting the benefits of Efficient Design + Productive Care to both existing and new clients. Her primary roles include interfacing with clients to uncover potential areas for increased efficiencies that facilitate project opportunities. Secondary roles are comprised of ensuring the delivery of responsive, client-focused professional services with detailed attention on every project. An important aspect of her responsibilities, is attending conferences throughout the nation promoting TEG's expansive portfolio.

Her professional and civic passions are comprised of memberships in the National Association of Women in Construction, Greater Shreveport Leadership Program, of which she is the Junior Coordinator, Rotary International, Rescue Mission and Food Bank of Northwest Louisiana. Personal interests include: Travel, cooking, wine-tasting, spending time with her two sons and distance running.
